

Anmol Varshney

Aspiring AI/ML Engineer

✉ anmolvarshney211@gmail.com ☎ +91-8192986417 📍 Aligarh, Uttar Pradesh

🌐 Anmol Varshney 🔄 Anmol-Varshney-cell

👤 PROFESSIONAL SUMMARY

Aspiring AI/ML Engineer skilled in Python, TensorFlow, and PyTorch with hands-on experience in deep learning and medical imaging. Focused on building scalable, data-driven applications that bridge innovation and real-world impact.

🎓 EDUCATION

Center for Continuing Education (CCE), Indian Institute of Technology Mandi, 07/2024 – Present | Himachal Pradesh
Minor in Data Science and Machine Learning

Shri Varshney College, Raja Mahendra Pratap State University, 08/2023 – Present | Aligarh, Uttar Pradesh
Bachelor of Computer Applications (BCA)

🛠 TECHNICAL SKILLS

Languages: Python, C, C++, Java, PHP

Frameworks & Tools: TensorFlow, PyTorch, Keras, Streamlit, NumPy

Web Technologies: HTML, CSS

Concepts: Data Structures & Algorithms, Object-Oriented Programming, Full-Stack Development, Machine Learning, Deep Learning

Soft Skills: Problem-Solving, Time Management, Adaptability, Continuous Learning Time Management, Collaboration

📁 PROJECTS

MRI-to-Synthetic CT Brain Scan Translation 🔗

Deep Learning, TensorFlow, PyTorch, Streamlit

- Developed a deep learning model to translate MRI scans into synthetic CT images, improving diagnostic accuracy and efficiency.
- Implemented preprocessing and augmentation pipelines to enhance model robustness and real-world performance.
- Deployed a Streamlit-based web app for clinicians to access imaging predictions in real time.
- Collaborated with medical professionals to validate results and improve usability.

📁 EXPERIENCE

Experience Fresher: Currently seeking professional roles in AI/ML. Hands-on experience gained via academic projects and independent study, including: Academic Project: MRI-to-Synthetic CT Brain Scan Translation (IIT Mandi, July 2024–Present) Developed a deep learning model and deployed a clinical application for medical imaging.
