PROFESSIONAL SUMMARY

Aspiring Web Developer and Python programmer with a BCA background. Strong foundation in HTML, CSS, and JavaScript, with hands-on experience in React and Bootstrap for building responsive user interfaces. Passionate about creating clean, user-friendly applications and continuously improving coding practices. Seeking to grow into a full-stack developer role with deeper expertise in backend development and automation using Python.

EXPERIENCE

Completed multiple academic and personal projects involving web development using HTML, CSS, JavaScript, React, and Python. Built and deployed applications with a focus on responsive design and clean UI. Gained practical experience with Git/GitHub for version control and collaborative workflows.
